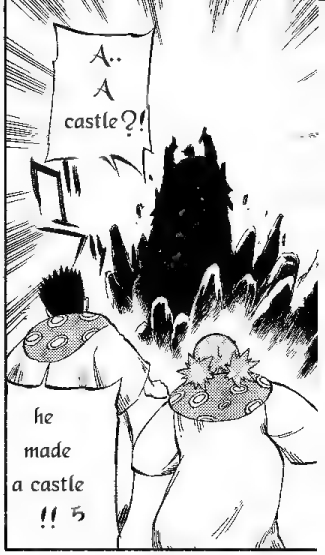
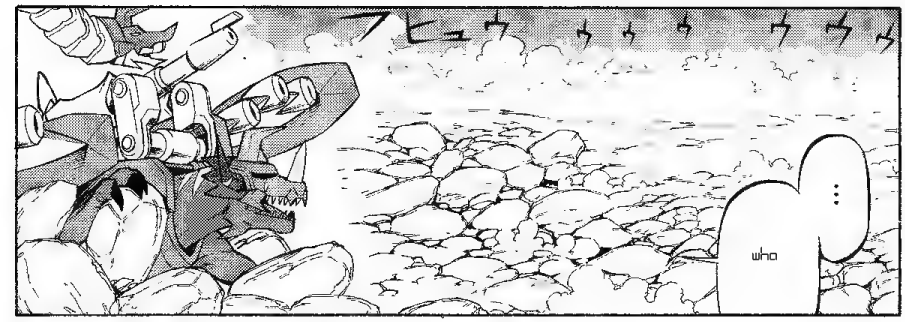
TENSHUKAKU
(castle tower)
!!!!

ドラガラガラガラ
gyu ooo



A.. A castle?!
he made a castle !!



フヒュウ ウゥゥ ゥ ウ ウゥ ゥ
...
who

why would such a strong guy like him with nothing to fear run away?
No, he just saw how much his troops were damaged
because annihilating the enemy and taking over are completly different matters

that large army just ....
so that was San no Tachi (3rd sword) normal digimon wouldn't have stood a chance
what an extravagant technique,
creating a smokescreen to allow retreat

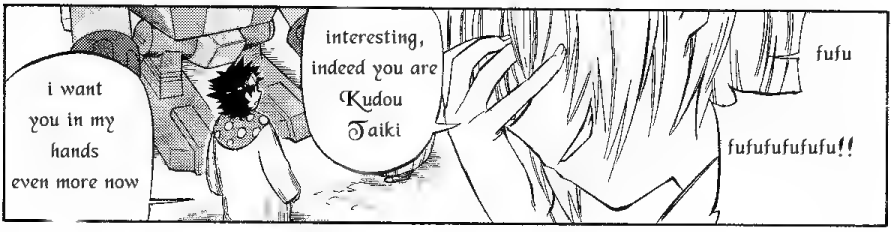
he himself has plenty of engery left
in the end I couldn't get him to unsheathe that sword even once

after seeing that battle I don't think that is necessarily a rumour
how do you know about me?
you.. who are you?
that's why he personally sealed it away
do you believe in it? Kudou Taiki?
that sword.. Jatetsufuujin-maru (Snake & iron Seeling God sword)
it is said that if it is unsheathed even once, that power is enough to destory a whole zone !!
so there might be more humans ... like us? or like him? or her?
T-that woman!! who on earth does she think she is!?
i'm just a human who wandered into the Digital World like all of you
I heard from that girl named Nene
that the boy with the Red Xros Loader encountered the top brass of the Bagra Army in the Snow Zone
i've been watching your battle all this while
thanks to her I was able to stop you from dying in vain
i don't know that girl at all, but

the only one i want is Kudou Taiki
i don't need trash Digimon like you
go disappear somewhere
eeehh?!
is.. is he being a scout?
wait..
A general wants to take us into his ranks?
that seems odd bro!
Become my Subordinante, Kudou Taiki !!
staying with that immature Digimon will only make your general-caplable sense grow dull
who..
WHAT WAS THAAAAT ?!!!!?!!!
soldier and battlefeilds to stretch your potential
I can prepare all that for you that is the best choice to defeat the Bagra Army!
come! Taiki!!
you have the talent to become a general!!
if you join with me, we can let that talent blossom and together we can conquer this world!

what?
!
.....
I don't believe that the Digital World would end up peaceful in your hands!
all I want to do is...
make this guy the Digimon King.. I just want to see a Digital World without fighting
Taikiiii
I refuse !
don't you want to fulfil your aspirations on your battle skills?!
tch!
you.. you speak like the weak do!!
if I want to test my abilites i'll do it somewhere else
we have a certain victory that we are aiming for
Not interested !

ho..
to be frank,
but if we do have to battle someday. I will become stronger than you
whatever you do doesn't concern me!
that..
there will come a time to determine which of us is the better man you know!
when that time comes are you confident enough to battle and win?



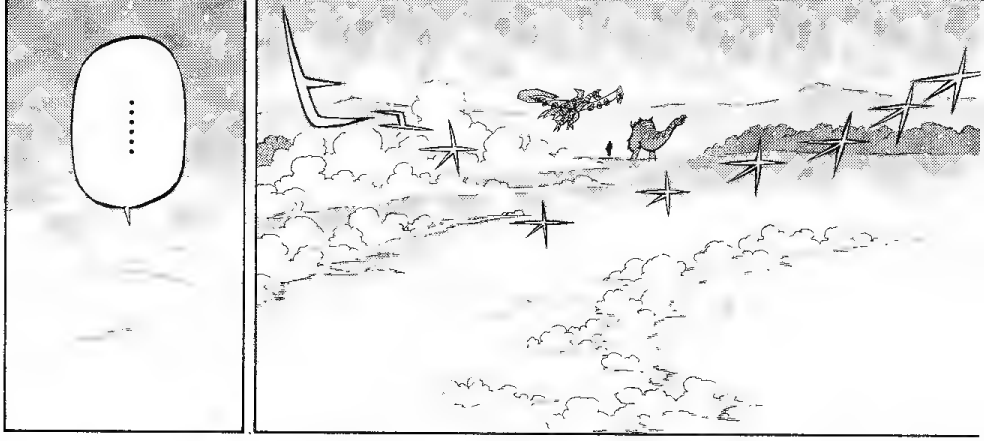
i want you in my hands even more now
interesting, indeed you are Kudou Taiki
fufu
fufufufufufu!!

Greymon !!
MailBird-ramon!!
?
but
there is a need to correct that half-hearted way of thinking you have

get rid of all of his Digimon !!!
with that naive resolution, i'll show you that you'll eventually loose everything if you carry on like that!
what the hell! don't just do whatever you want!
wha!?
guhahaha
Greymon, Kiriha did not tell us to have a match
prepare yourselves and let's have a match!
he told us to destory them
shit!

are you gonna run away taiki?!
but now everyone is injured !!
not only that..
i'm tottally annoyed right now!! let me at 'em!
NIGHTHAWK !!
but..
i don't want to resort to that way of fighting
RUN AWAY !!
Ball-ista-mon!
Okay !!
ARMBUNKER

!
tch
geh
guh!
ガーン!!
ehhh!?
they're gone!
he probably has a Digimon capable of fast movement
hmph. they even made sure to cover tracks
what's wrong ?
all the prey has been getting away today !!!!!
we'll find you again Taiki
but... as long as he doesn't have this area's Code-Crown, he can't leave

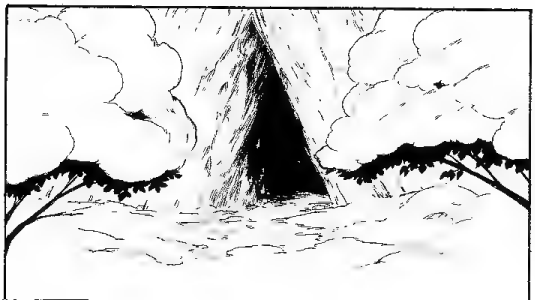


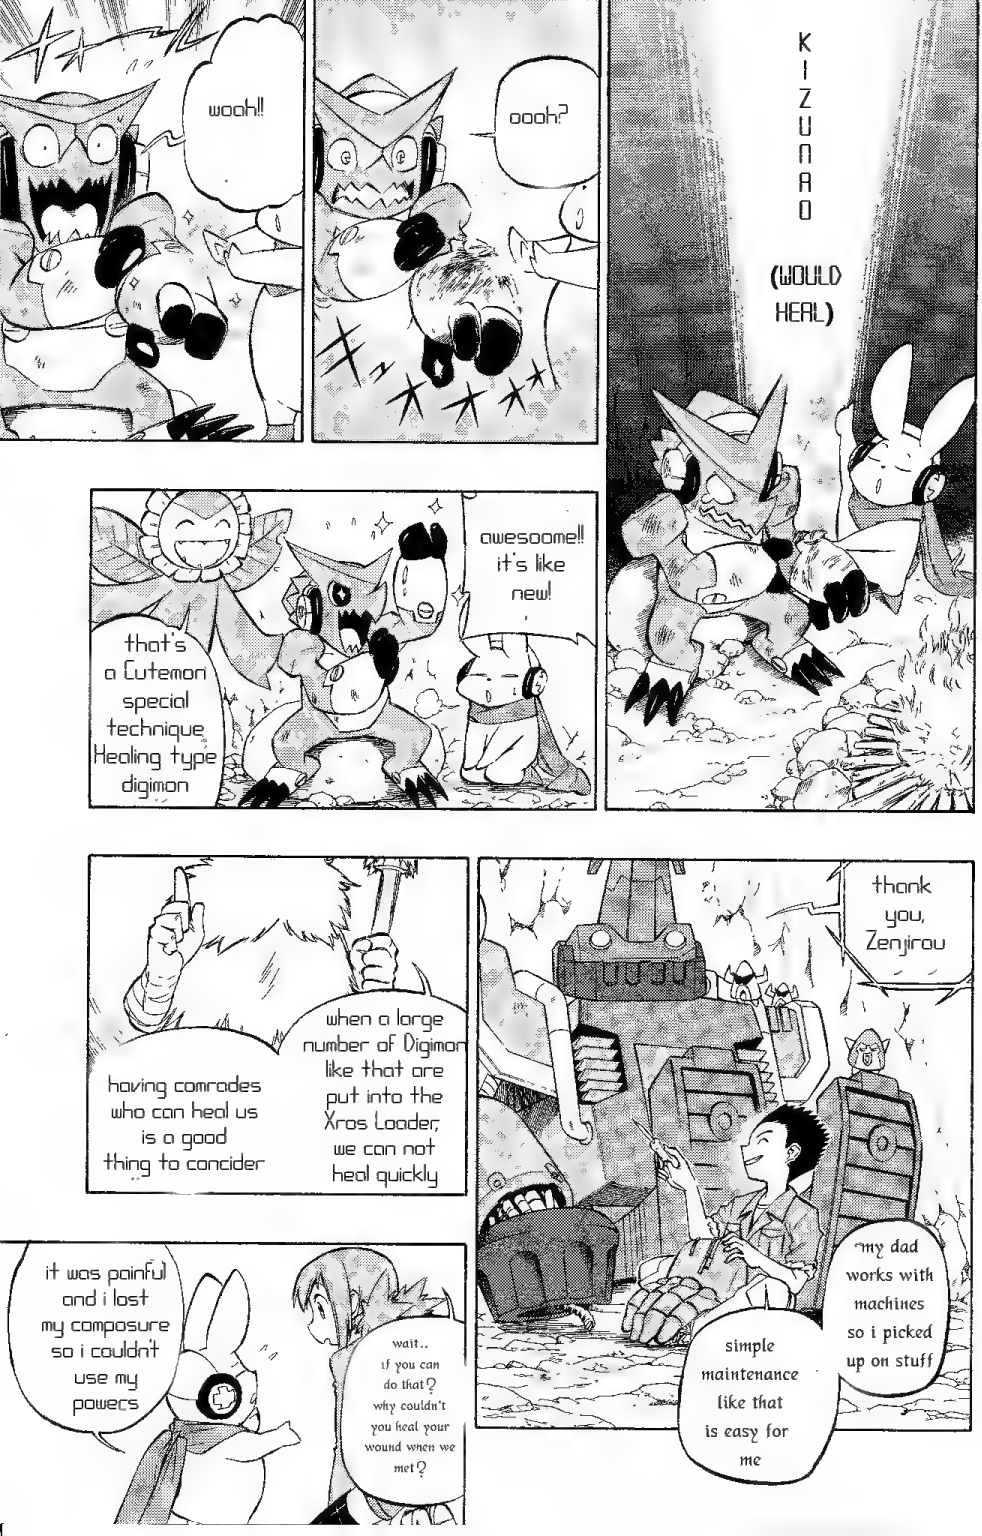
.....

ガコッ
bwaaahhh !!!

shushushushu
praise us even more shu!
w-without this coat it would've been too cold for us to hide
heheh thanks mushmons!

brrr! it's colder here than earlier!
we.. we were saved thanks to him overestimating Taiki!
just put all the Digimon into the Xros Loader and us burry our selves in the snow
achoo !!
hachoo!!





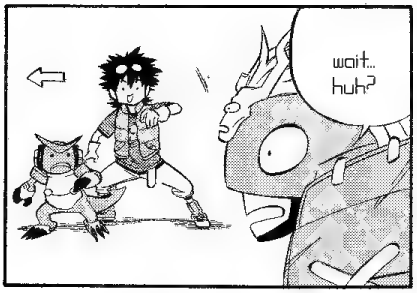
wooh!!
oooh?
KIZUNAO
(WOULD HEAL)
awesoome!! it's like new!
that's a Cutemon special technique. Healing type digimon
having comrades who can heal us is a good thing to concider
when a large number of Digimon like that are put into the Xros Loader, we can not heal quickly
thank you, Zenjirou
my dad works with machines so i picked up on stuff
simple maintenance like that is easy for me
it was painful and i lost my composure so i couldn't use my powers
wait.. if you can do that? why couldn't you heal your wound when we met?

damn! what is with that guy?!
he shouldn't involve others in that battle just because of those reasons!
with me we could conquer the Digital World and make it our own!
tch!! you don't want to know how far your abilities can go?!
we have to heal your wounds!
your injured!
where are you going?!
not only that
I already told you, I only came along to get a ride to the next zone
but I doubt cutemon can heal my injuries after learning what I did
!
but... it's true that to fulfil my dream in this world, I need to become stronger
that guy... he's on another level than I am
DORU-RUMON !!

Doru-
lumon
do
what's up?
why are you
alone?
where are
your parents?
are you hungry?
really looks
like i have
no choice,
follow me
kid
Dorulumon,
you don't
like
crowed
places?
am i..
a nuisance
to you?
kids like you
dont have to
worry about
that stuff!
giving a
small one
like you a
ride won't
strain my
shoulders!
it's true
that i was
once part
of that
army
same with
me
destorying
villages
but..
it's not
true now!
you had to
have a
reason
right?!
i had no
reason, the
me at that
time believed
that only power
was justice
that if
you were
strong you
could do
anything
you
wanted
honestly
i lost count
of how many
villages i
destoryed
among
them
cutemon's
village
might have
been one of
the ones
i attacked
KYU
!!

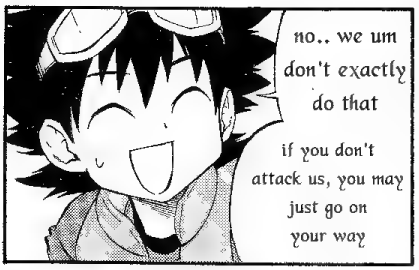
CUTE-MON !!
KYUUUU !!
wait up !!
Doru-lumon !!!!
eeh
ah! hey!
about cutemon, i'm hoping to leave him with you lot
HEY! was that nessary?!
shoutmon, you're a good guy
i was lucky to have met you, before having to leave cutemon
we need you!
if all our hearts can't become one we can't win!
wait up! please!

owoww! damn it
something is buried in the snow
gyaa !!
hah?!
ughhh
ugh..
w-who are you people ?!
a-are you warrior hunters that came after me because I escaped Safely!!?
huh?!
I-lord?!
woah ?!
who..
isn't he that Musyamon who worked for Tactimon? right?



wait..
huh?

speaking of that, I have no intention to carry out any futile resistance !
come on, give me your worst! i can handle it!
i am just a beginning warrior! i know when it is time to give up and surrender quietly



no.. we um don't exactly do that
if you don't attack us, you may just go on your way

hah?

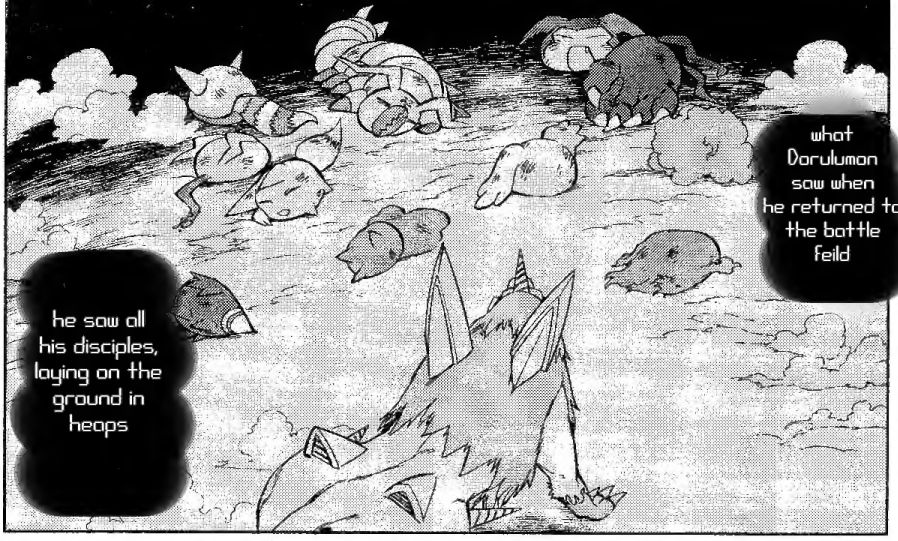
no.. no you can't say that!
torture me! burn me! something!
WHAT'S THIS GUY WITH?!?!?!
ah! he's rare!
he's not a "Musyamon" but instead a "Ochimusymon"

odd indeed

but then this time i got beat by your attack
and got seperated
when it loses a battle it will flee, a mutated digimon that bets everything on romance!
i joined the Bagra Army to become a great ochimusha but..
Tactimon-sama was so strong that there weren't many chances of a good loosing battle
indeed! I am OchiMusyamon!!
there sure are lots of types of digimon
this romanticist is too uncooperative!!
because you see Ochimusyamon is a subspecies of musyamon! there smaler but different
oh speaking of that
is Darulumon no longer on your team?
what happened to him?
Masochism isn't a level! or a good thing to be into!
well then, Taiki-dono! could you behead me or leave me to dry on the dry riverbed?

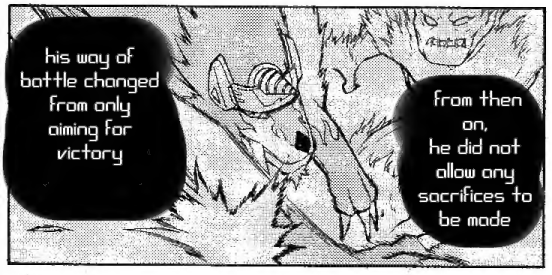
dorulumon comes from a tribe that
has had warriors for generations. he was a ferocious man who battles in pursuit of strenght!
you!
you know Doru-lumon ?
sure i do!
we were part of the same army! so i've heard stories!
i didn't have a good impression of him, he wasn't too friendly either
he was horrible at sociolizing!
wait.. then do you know why he quit their army?
ah that
it was probably because of that incident
please..
if you do know why, please tell us
that's right! how did Dorulumon who thought that strength was everything change to who he is now?

in the past, on a certain battle field
tactican-sama ordered to fire at the frontliners
even with our allies there, we got great gains from that but at a price
during the battle he was suddenly told to retreat alone
when he was seperated from his troops
he fathered a lot of young Digmon and commanded a unit that was undergoing training
they were used to keep the enemy troops' main forces at bay by Tactican-sama's orders during a tough battle. Darulusan was protecting his unit
in turn
that small young, weak troop got done in together with the enemy's forces
though



what Dorulumon saw when he returned to the battle feild
he saw all his disciples, laying on the ground in heaps

that plan was
one of the few failures recorded in Tactimon's Military history



his way of battle changed from only aiming for victory
from then on, he did not allow any sacrifices to be made

he become a shadow after that
then one day he went against orders and told his troop to escape before they were discarded

doru-
lumon
....
at that time
he first
understood the
pain of loosing
his comrades
do..
doru-
lumon
..
I should
say i'm
not
qualified
to do
that
Dorulumon!!
he never once
smiled at me
from the
bottom of his
heart kyu..
always hiding
himself
behind his jokes
only capable of
lonely laughter
!!
I..
i have to
apologise
kyu!!
Dorulumon
should still
be nearby
KYU!!
CUTE-
MON
?!

Mail-
Birdramon
!!
my ears hear quite well, even at a distance
in a place where only snow falls, you shouldn't talk so loudly
Akari
!!
i'll leave cutemon to you!!
he.. bring Dorulumon back!!

Crush them all at full power! don't leave anything behind!
we're going to carve dispair into his naive soul!!
☆赤VS青、開戦!!
タイバーテス キリハ かいせん
with that way of battling we can't continue forward!
we can't allow that to happen!!
if we keep running like this he'll be left alone!
what is it?
is there anything troubling you?
hmm i alone am enough to take you on
you don't even need to come yourself, Kiriha
